American Society For Nutrition & American Physiological Society

MAGNESIUM SYMPOSIUM

at

EXPERIMENTAL BIOLOGY 2010

Saturday, April 24, 2010 - 10:30 am – 12:30 pm

Room 206 AB

Anaheim Convention Center

PROGRAM ANNOUNCEMENT

The Role of Magnesium and Novel Cation Channels in Inflammatory Aspects of Cardiovascular/Renal/Metabolic Disease: From Molecule to Patient

I. Nutritional Magnesium Status in North America – General Population vs. Hospital Patients

Connie M. Weaver (in consultation with Robert K. Rude, USC)
Distinguished Professor & Department Head, Purdue University

II. Inflammation and Cardiovascular Aspects of Magnesium Deficiency

William B. Weglicki
Departments of Biochemistry and Molecular Biology and Medicine
George Washington University Medical Center

III. Magnesium, TRPM Cation Channels and Hypertension

Rhian M. Touyz,
Kidney Research Centre, Ottawa Health Research Institute
University of Ottawa

IV. Assessing Magnesium Status for Diagnosis and Therapy in the Clinical Setting: Using Diabetes Mellitus as a Model.

Ronald J. Elin,
Department of Pathology, University of Louisville

In Memory of
Dr. Mildred Seelig
